Redefining luxury and transcending the mundane, a number of Real Estate Kochi has taken the concept of luxury to new heights, beyond air-conditioned foyers and swimming pools.

Many of their high profile projects have something extraordinary to offer the global Indian like world-class amenities, centrally air-conditioned apartments, pre-fitted imported modular kitchens, and finest Italian marble flooring. Zen landscaping, car parks with car lifts, resident spas, sky gardens, barbeque pit-areas, hi-tech gyms, floodlit tennis courts, miniature golf course, Wi-Fi enabled business centers, motion detector sensors for security, and much more form part of the extraordinary extras presented.

Luxury is the hallmark of success and power. Luxury is defined as something that is an indulgence rather than a necessity. Today's watchword for consumers is luxury. It's not the ornate luxury enjoyed by those who appear on 'Lifestyles of the Rich and Famous'. It's a more casual and elegant aesthetic kind which appeals to a younger clientele.

The luxury client today is the people in their early 30s. Everyone wants the biggest, best, and perceptively most expensive, whether it's their monster SUV with DVD players built in or their Louis Vuitton bags.
